

Regulations for Standconstruction and exposure above 2,5m.

At most fairs at MalmöMässan, the maximum height for stand construction, signs and other decoration is 2.5 m. See info for exhibitors which rules apply to the fair you are participating in. In other places and premises, other rules may apply. Check with your organizer about the regulations that apply to your particular trade fair. An application for an exemption can be applied for according to the conditions below

- Send a written application with a dimensioned drawing to Malmö Mäss-Service no later than 4 weeks before the start of the fair to info@mass-service.se or directly to the contact person specified at each fair. All construction and exposure over 2.5 m must be applied for.
- **Construction of high wall up to 4m.** After the application has been approved, it is also required that the booth neighbor is informed no later than 4 weeks before the start of the fair. The wall-side facing the neighbor must be white, smooth or in the way you and the neighbor have agreed. Email a copy of the agreement to the responsible contact person at Malmö Mäss-Service.
- **Construction and exposure that has a distance of less than 3m from the neighbor.** After the application has been approved, it is also required that the booth neighbor approves no later than 4 weeks before the start of the fair. Email a copy of the agreement to the responsible contact person at Malmö Mäss-Service.
- **Other construction and exposure over 2.5 m.** Must be applied for no later than 4 weeks before the start of the fair.
- Construction/exposure on open sides against aisles must not exceed 1/3 of the open side
- Fee for height construction / exposure is SEK 4,950
- Fee for beach flags or similar exposure that is independent and exceeds 2.5m is charged with SEK 1,000 / pc. This must also be notified in advance.
- MMS reserves the right to secure standconstructions at the exhibitor's expense.
- No construction may be started until you have booked your height construction / height exposure at Malmö Mäss-Service and had their application approved.
- Lighting rigs for lighting are not normally covered by height construction. See info for exhibitors what applies at your particular trade fair.
- Products that are exhibited in the stand are not normally covered by height construction rules, however, advertising / exposure must not be visible above 2.5 m. Contact your organizer for more information.
- If you have not completed the instructions for approval and / or neighbors' approval, you may be liable for the costs that may arise.

You are welcome to contact us for more information.
